## Editor's Note

### What Makes Students Happy?

What can make us happy? Are we happy with our conditions? Do we really need to be happy to make a living? Happiness is a crucial point of living. Having hundreds of questions about happiness, we primarily need to know answer to a question: What is happiness?

The term of happiness has been defined in many different ways during the history:

The ancient Greeks defined happiness as: "Happiness is the joy that we feel when we're striving after our potential."

Shirley MacLaine, Academy Award winner, said:

"To be happy, you have to be willing to be compliant with not knowing."

Michael J. Fox said:

"My happiness grows in direct proportion to my acceptance, and in inverse proportion to my expectations."

Aristotle said:

"Happiness is a state of activity."

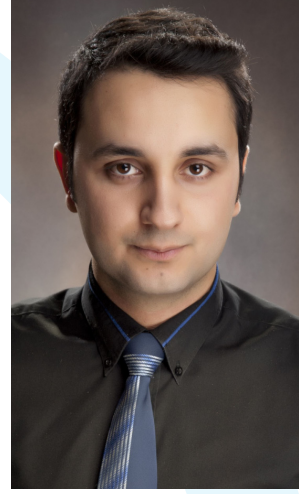

Philosophers, actors, politicians, and many others have all put their own view of happiness forward. Regardless of where you are on the happiness spectrum, each person has their own way of defining happiness.

What can make us happy? Let's check the list below.

- Relaxing - Survival
- Religion – Survival
- Eating - Survival
- Cooking - Survival
- Exercise – Survival
- Marriage and having children - Survival
- Socializing - Acceptance
- Conversation – Acceptance

As it is seen on the list, our requirements to be happy are either related with survival needs or the necessity of acceptance. A human needs to have primary survival conditions to develop himself/herself. When you have survival conditions such as the ones on the list; then, you need to fulfil your need for acceptance to be happy.

In Gökyüzü College, our primary endeavour is to make students feel accepted. When the students have the feeling of acceptance, they level of happiness with the course increases; and then, the comprehension level increases. Having the feeling that they can achieve success during the courses, students gain the feeling of acceptance.

English Teacher

## *Throughout the year*

### **Dear Students,**

Having completed another year of education, all of you should be aware of the fact that education is the most important milestone to develop your country and to take your nation higher. Science, art and sports are the crucial points for developed communities to reach contemporary civilization level. Never be far from science, art and sports in any age of your life. Each of you should be a healthy and cultural person. If this country is yours, these lives are yours; thinking about your own future and behaving accordingly are your primary responsibilities.

### **Esteemed colleagues,**

I know the fact that your efforts to improve the education level of youth is at the highest level. You have been creating a knowledge-based and globally-responsible youth. Under the light of science and wisdom, our endeavour is to make our students be the hopes of our future. We should raise the students who are ready for the modern world. I am proud to be working in the same school with you.

Kind wishes.

*Gürkan Ünver*

***Principal of Gökyüzü Collage and Science High Schools***

### **Dear students,**

Education not only includes only courses, but the social, cultural and sportive activities are also crucial parts of education. 2016-2017 educational year has been long and tiring. I can't deny your efforts in making it so though for me and for all your teachers.

I appreciate your creativity in getting yourself into trouble. As it turns out, trouble making is not only your talent, but you also have other talents. You made it possible to bring up a nice piece of art work by contributing the school's magazine Stars in the Sky. I am proud of all of you for the challenge, and for the great way to make everything up in your own way.

I hope you have a pleasant future.

*Serhat Özçelik*

***Vice Principal of Gökyüzü High Schools***

## *Reaching goals by learning a foreign language*

### **Dear students and parents,**

We, as the Foreign Languages Department, are again proud to publish our annual English magazine in this educational year 2016-2017. We would like to thank every student who took part in this precious work. This year has been really successful in terms of their improvements in learning English and German/Spanish. They have proven us how willing they have been by many activities we assigned them with.

Gökyüzü High Schools give special importance to language learning. Our students receive very good education in every field, and English, along with German and Spanish, are given them by experienced teachers and the latest materials. We choose our books not only based on grammatical aspects, but also based on the information they contain. We want to teach them the languages in a way that they would explore and experience other worlds in different perspectives. In other words, we want our students to experience the world with the language of the world. Every student is a new world for us; we appreciate their similarities and their differences equally. And we know that it is these differences that make their world grow bigger and stronger. As teachers we only try to open doors for them and encourage them to take the step. The rest is their own efforts. We also learn along with them; education is a never ending process.

It is essential for us to make our students understand why learning a foreign language is important and how necessary it is in their future life. It is also important to classify their levels and teach accordingly, for which reason we choose the main course books, taking their skills and abilities into consideration, every year. This way they build up confidence as they feel they can actually learn.

When it comes to learning a new language, the course books alone aren't enough. We aim to make each student learn the language not only by grammar but also by reading, writing, listening and speaking.

In every school term, and on other special occasions like the International Women's' Day, European Day etc., we assign them with presentations, games, theatre plays, songs, competitions and shows. We encourage them to improve their public speaking skills by these assignments. And we reward them with some presents and medals every time they take part in social activities.

As Gökyüzü High School we are also running Erasmus+ Project. Our students work actively on the project by fulfilling every requirement by the participant countries. We travel to different countries with them so they have a chance to learn about other countries, cultures, life styles and educational systems.

As the Head of Foreign Languages Department, I am devoted to my job, not only seeing it as a job, but also in love with working teenagers. We become very happy when we see our students speak English fluently.

Each year, we will be working on teaching English methods and provide perfect English learning education for our students. In this respect we want all parents to encourage their children and motivate them to learn English at home too.

*Best Regards*

*Pınar Türkoğlu*

**Head Of Foreign Languages Department**

# Deutsch!

Deutsch ist eine Schlüsselsprache in der Europäischen Union. In Europa wird am meisten Deutsch gesprochen. Mehr als 120 Millionen sprechen Deutsch. In Österreich, Deutschland, der Schweiz, Liechtenstein, Luxemburg, Norditalien, Ostfrankreich und in Teilen Belgiens spricht man Deutsch.

Deutsch wird als Muttersprache in mehr europäischen Ländern gesprochen als Englisch, Französisch, Spanisch oder Italienisch. Nach Englisch ist Deutsch weltweit die zweitwichtigste Sprache in Handel, Tourismus und Diplomatie. In Mittel- und Osteuropa gibt Deutsch als die bedeutendste Fremdsprache. Wenn Sie Deutsch sprechen, können Sie ihre Karrierechancen verbessern.

Eine durchgeführte Umfrage unter den Eltern an der privaten Gymnasium-

Schulvereinigung hat sich ergeben, dass eine große Mehrheit der Eltern viel Wert auf Beherrschung der Fremdsprachen legen.

Nach einem erfolgreichen Abschluss erwarten die Eltern ebenfalls eine gute Beherrschung der Fremdsprachen.

Zum aktuellen Zeitpunkt ist die Mehrsprachigkeit sehr angesagt. Auf unserer privaten Schule Gökyüzü legen wir besonders viel Wert auf eine zweite Fremdsprache. Unser Deutschunterricht fängt bereits in der sechsten Klasse an und führt bis zur zwölften Klasse.

**Sevgi EKİCİ**  
Deutsch Lehrerin

# EL ESPAÑOL EN GÖKYÜZÜ COLEGIO

El español es la segunda lengua en nuestro colegio. Porque es la segunda lengua que se usa en todo el mundo. Mas de 400 millones de personas lo habla como la lengua materna. Y tambien el español es la lengua oficial de muchos paises.

Es tambien un idioma muy rica con su cultura, sus sitios historicales y comidas, su musica y danza. La cocina española tiene unas comidas deliciosas como tres leches, el gazpacho, los churros, la paella, las tapas y la sangria que es una bebida. Cada uno de estas comidas tiene un sabor maravilloso.

Y tambien los sitios historicales tienen una hermosura perfecta como

La Alhambra, La Sagrada Familia, La mezquita de Cordoba etc.

La musica española tiene un sonido agradable. No podemos olvidar la danza flamenco que es famosa en todo el mundo. El ritmo de esta musica, la ropa y los movimientos de la danza deja a sus oyentes sorprendidos.

Por lo ultimo, en nuestro colegio, los alumnos aprenden la lengua con su cultura. Porque un idioma se aprende con la cultura. A los alumnos les gusta mucho pronunciar las palabras de este idioma porque se lee como se escribe. Y esto es una ventaja para ellos.

**ÇİĞDEM T. ÇALGIN BAYKAL**  
La profesora de Español

# Hawking:

He used pessimistic phrases about the future of the World.

**NUCLEAR  
WAR, GLOBAL  
WARMING,  
VIRUSES**

**HAWKING**, the British scientist, said that we should leave the world until the year 2117 because it grounds the possibility of nuclear war, global warming and genetically engineered viruses.

## STEPHEN HAWKING

The famous British Scientist Hawking is known for his work on quantum physics and black holes. Not being able to use any part almost of the body, being tied to a computer system developed specifically for him, Hawking just issues commands by using one of the cheek muscles. Thereby, he manages communicating

with about 2 thousand 500 words a day, and continues scientific work.

Research Hawking has been translated into over 40 languages, science, the environment is seen as the greatest genius Albert Einstein from the next.

So what are we doing to our world?

■ Rûveyda TAŞÇI

## CULTURAL NOTES

### From our students

# VOLLEYBALL

Volleyball, is a sport which is played with a ball and a net with a split on the field by both teams.

**Volleyball** is a team sport in which two teams of six players are separated by a net. Each team tries to score points by grounding a ball on the other team's court under organized rules.

The ball is in play. The service is installed, and the ball is sent to the opponent's area. Rally scoring is used. There will be a point scored after every score of the ball. Game will be played to 25 pts. A team can win by at least 2 points disparity.

- Players mustn't touch net and the ball mustn't touch the floor.

- Players must hit the ball with their hands over the net.

- There is no limited time.

Famous volleyball players are Gabrielle Reece, Rachel Wacholder, Marta Menegatti and Neslihan Demir.

■ Zeynep KELEŞ

# RUSSIA

## RED SQUARE:

Red square, is in Moscow.  
A World-wide-famous square.  
The stage is for executions,  
festivals and ceremonies...

The first public library in  
Moscow and the university  
were also established here.

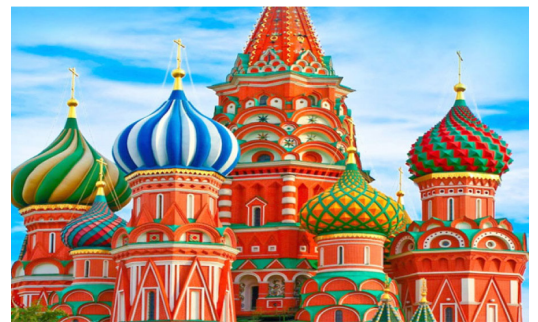

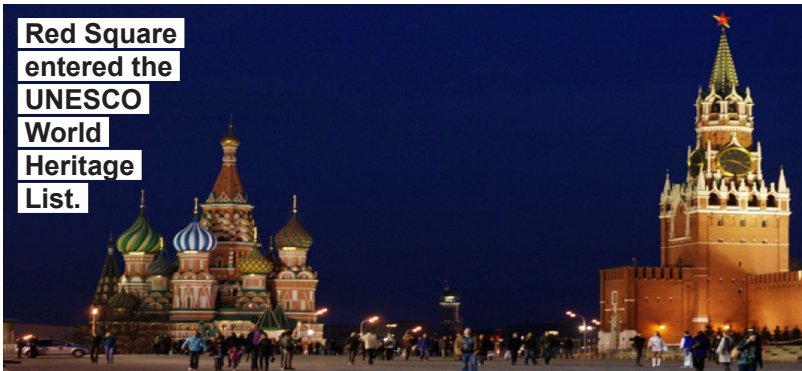

It was  
built  
by Ivan  
the Terrible.

## SAINT BASIL'S CATHEDRAL:

It was built between 1555 and 1561.  
Famous for its colorful roofs

Red Square  
entered the  
UNESCO  
World  
Heritage  
List.

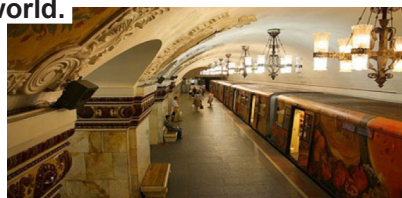

The church is now used as a museum.  
The longest tower is about 65 meters.  
Eight domes symbolize eight separate  
victories.

## MOSCOW SUBWAY:

It's the biggest subway station in the world. It is also the  
oldest subway station in the world.

Metro can also be considered  
as a tourism resource in  
itself. Because thousands of  
tourists visiting the country  
visit this historical metro.

No doubt the world's most passenger-  
carrying metro. There are 182 stations. The  
Moscow Metro is operated by the state.

### From our students

# CUBA

Three icons are the three districts that comprise the blue ribbon country. Two white ribbons refer to the ideal of full independence for the country. The red triangle symbols equality, brotherhood, freedom and independence for the sake of bloodshed, full free the star in the middle represents the people of Cuba

#### CUBA'S

Havana cigars, Havana dances, the legendary leader Fidel Castro, sugar canes and tobacco production are well-known over the world. Capital Havana is famous for sports such as athletics.

The U.S.A. come up with the revolution that surprised the entire World. "Cuba will understand my history by rides" Castro who said "Death isn't matter where it comes from, welcome! Come to enjoy it!" or "Two ,three more Vietnam " he said suddenly . The World of Che Guevara has become a model for all revolutionary us. Imperialism has been resisting as

the siege of Cuba for 40 years. Currently, Cuba is the only castle of socialism in the world.

Your trips to Cuba will be characterized by its people. The Cubans are imaginative, joyful, unprejudiced, show their intelligence and are friends of joking and celebrating. And talking about celebrations, now that you're here you won't want to miss the carnivals, charangas, the parrandas, the countryside parties and the patron saint's days, when you'll have the chance of tasting the typical Cuban gastronomy made of Buñuelos, Tamales and Roasted Pig, always accompanied by a good coffee, a Cuba Libre, a Daiquiri, Mojito or Piña Colada drink.

# EGYPT

EGYPT is officially known as the Arab Republic of Egypt. In 2012, the population of Egypt was just over 83 million. Egypt is bordered by the Gaza Strip, Israel, Libya and Sudan as well as the Mediterranean Sea and the Red Sea.

The Sinai Peninsula in Egypt spans across two continents, Africa and Asia. Mount Catherine is the highest mountain in Egypt. The official language of Egypt is Arabic, but others languages such as English and French are also understood by many.. The longest river in the world, the Nile, runs through Egypt.

A pyramid is a structure, mostly of stone, built in the shape of a pyramid. From ancient to modern times, people in many different parts of the world have built such structures.

In Egypt, kings and queens, called Pharaohs, were buried in huge square-bottomed pyramids built of stone. Also they are tombs of queens and kings. Pyramids were built by slaves. The most important pyramids are Kefren, Keops, Mikerinos

and Giza. Pyramids are closer to the Nile.

Many of pyramids still survive today for us to see and explore. There are around 138 Egyptian pyramids. They were over 480 feet tall. They were the tallest man-made structure for over 3800 years. For built one pyramid, slaves used 2,3 million blocks of rock weighting 5,9 million tons.

They tried to search the history of seven wonders, the unique wonder still surviving is Cheops Pyramid located in Egypt, Giza City. Cheops Pyramid was constructed on behalf of pharaoh Khufu as memorial tomb which is the oldest and the biggest one of pyramids in Egypt.

# DIE GESCHICHTE VON ADIDAS UND PUMA

1923 war ein schweres Jahr. Trotzdem fassten Rudolf und Adolf Dassler, Söhne einer Wäscherin und eines Webers, am Küchentisch den mutigen Entschluss, eine Schuhfabrik zu gründen. Sie ergänzten sich prima: Rudi, der Beau, den sie wegen seiner Geschmeidigkeit "Puma" nannten, gab den Marketingchef; Adi, der Uermüdliche, tüftelte in der Waschküche an Laufmodellen. Der Umsatz wuchs - selbst in der Nazizeit: Die braunen Propagandisten hatten den Sport zum Kult erhoben, um die deutsche Jugend fit zu machen für Hitlers Kriege.

Dann, nach dem Krieg, hassten sich die Geschwister plötzlich. Rudi, erzählte man, sei sauer gewesen, weil er in den Krieg ziehen musste, während Adi die Hausmacht in der Fabrik ausbaute. Adi, ebenfalls stinksauer, rührte keinen Finger, um seinen Bruder aus der amerikanischen Gefangenschaft zu befreien. Die wahre Ursache des Bruderzwistes lag allerdings fünf Jahre zurück: Rudi pflegte damals offenbar ein Verhältnis mit Schwägerin Käthe. Bis zum Tod der Brüder herrschte deshalb stille Messe zwischen den Familienzweigen. Ein paar Mal telefonierten die Brüder wohl noch miteinander und trafen sich flüchtig.

Anfang 1948 wurde die gemeinsame Firma zerschlagen. Adolf nannte seinen Part fortan nach seinen Initialen "Adidas" und behielt den größten Teil der Produktion. Rudi zog unter seinem Spitznamen "Puma" in das Fabrikgebäude an der Würzburger Straße, wo noch heute die Puma-Zentrale steht.

■ Furkan ERUYGUN

# CARS' Technological Development

## CULTURAL NOTES From our students

Technology has changed the auto industry in a quarter-century. Today, there are numerous functions added to cars thanks to the technological developments...

With a camera mounted below the trunk lid and a monitor in the dash, these early systems saved lives and made parking far easier for thousands of car owners.

Today the Bluetooth technology is in just about every car and installed on just about every cell phone. To legally talk on your phone in the car in at least 14 states, a hands-free connection must be established between the phone and the car. And Bluetooth is the way to make that happen.

Electronic stability control (ESC), which helps

correct a skid if your car begins to slide, was the final step in a technical progression that began with anti-lock brakes in the 1970s and 1980s.

Big improvements in tire technology had a lot to do with it, and run-flat tires have enjoyed a spike in popularity over the past two decades. But the standardization of tire pressure monitoring systems (TPMS) in cars means that owners are warned about their under-inflated tires before real trouble happens.

■ Mustafa İsmail AKDOĞAN

## INGREDIENTS

You will need 38x38 cm.baking tray,bases lined with baking parchment.

### FOR THE TRİLEÇE CAKE BATTER:

- 8 eggs
- 1 cup granulated sugar
- 2 packet baking powder, (or 2 tsp or 10 gr.)
- 12 tablespoons heaped all purpose flour, sifted. ( 12 tbsp heaped all purpose flour=2 cup=280gr. )

### FOR THE MILK SAUCE:

- 400 ml. heavy cream ( 2 cups milk)
- 600ml. whole warm milk ( 3 cups milk)

- 500ml. whole cold milk(2,5 cups milk)
- 250gr milk powder
- 5 tablespoons granulated sugar ( or 90gr. granulated sugar.)

### FOR THE CARAMEL SAUCE:

- 5 tbsp granulated sugar ( or 90gr. Granulated sugar.)(or 1/2 cup granulated sugar.)
- 2 tsp margarine, room temperature. (or 50gr.margarine)
- 150ml heavy cream or 1/2 cup hot water.

Place the sugar in a pan, cook until melted the sugar and add the heavy cream then immediately beat them until solve the sugar, cook it a little thicken, remove it from the heat and add the butter,beat them together until well corporate. Let it warm. Be careful working with hot sugar.

## DIRECTIONS

Heat oven to 170C/ 175C.

### MAKING THE CAKE:

- 1** - Divide the yolks from the egg whites and place the egg whites, the sugar in a big bowl, whisk the whites with a hand mixer until stiff peaks. Add the egg yolks one at time, beating well and then the addition of each.
- 2** - Sift together the flour and baking powder and add to the egg mixture, add the vanilla extract in the mixture.

Beat them about 1 minute. Pour the mixture in a greased and floured cake pan. Bake until golden about 25-30 minutes. Checking it with a toothpick and remove the cake from the oven and let it cool.

### TO MAKE THE MILK SAUCE:

- Combine the cold milk and milk powder in a bowl and mix them and add the warm milk, beat until fluffy, add the sugar, beat them again, beating well after add the heavy cream then mix together them and set aside.
- 3** - Pierce the cooled cake with a fork or with a toothpick completely. Drizzle the milk sauce or pour slowly over surface cake. Place the cake in the refrigerator and let it stay 6 hours for soaked well.

For serving: Remove cake from the refrigerator and spread a thin layer of caramel sauce with a spatula. If you deserve decorate it with a little cream. Cut cake in a small squares and serve it. Enjoy it!

# Tiramisu

## INGREDIENTS

- 400 gr. Savoiardi (sponge fingers)
- 4 eggs, separated
- 4 spoons of sugar
- 1 big pot of strong coffee, preferably espresso
- 500 gr.

Mascarpone cheese

- pinch of salt
- cocoa powder
- a square serving dish with high sides

### PREPARATION:

Prepare the coffee and let it cool down.

Separate the yolks from the whites.

In clean bowl whisk with an electric whisk or a hand whisk the yolks with the sugar until light and pale.

Add the mascarpone cheese e mix still using the whisker.

In another clean bowl whisk the whites with a pinch of salt until stiff.

Gently fold the whites into the mixture of Mascarpone using a metal spoon, do not stir, just gently fold in.

Now start to assemble the dessert.

Place a couple of spoon of the Mascarpone cream at the bottom of your serving dish and spread it well **(this will make it easier to remove the slices of Tiramisu when cooled)**.

Dip each savoiardi biscuit in the coffee quickly, but don't keep them in the coffee long. If you dip them long, they will get soggy. If you dip them too short, they will be dry.

Place the savoiardi next to each other, tightly packed and cover all the base of the dessert dish.

**Now place half the mixture on top and spread it well.**

Cover with another layer of

soaked savoiardi and cover with the remaining cream. Cover with cling film.

**Place in the refrigerator for at least 4 hours. Just before serving sprinkle with cocoa powder.**

■ Aybike AÇIKGÖZ

# Tas kebabi

## INGREDIENTS

- 800 grams of beef meat
- 1 tablespoon sunflower oil
- 1 tablespoon butter
- 1 medium size onion
- 3 cloves garlic

- 1 tablespoons flour
- 1 medium carrot
- 2 medium potatoes
- 1 sweet spoon tomato slice
- 3 water glasses hot water
- 1 tea spoon salt
- 4 pieces of black cake

**1** Bake with a covered lid under as much heat as you can provide,

**2** Slice potatoes and carrots.

**3** Cook the rice and meat until the color changes

**4** Add some flour and put the salmon after 2 minutes.

**5** Then transfer hot water tea pot and cook potatoes and carrots for 30 minutes

■ Ömer BİLGİÇ

## INGREDIENTS

- 1 box of chocolate cake mix
- 2 boxes of chocolate pudding mix
- Whipped cream
- Eggs, milk, water as called for by the cake and pudding mix directions
- Powdered sugar
- Desired decorative bits

### Step 1

Prepare the cake according to the box directions. Cover with tinfoil and set aside.

### Step 2

Prepare the puddings in the same mixing bowl, following the box directions. Set in the fridge.

### Step 3

Place the trifle dish, large tablespoon, whipped cream, decorative extras and prepared layer materials on the table.

### Step 4

Cut the cake into 1-inch (2.5 cm) cubes. This will make it easier to use cake for layers

### Step 5

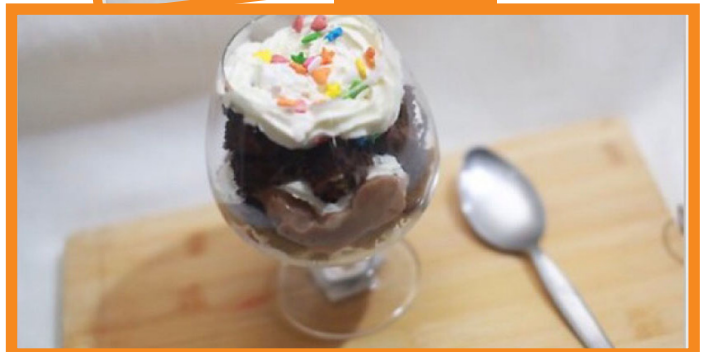

Begin with a bottom layer of cake, roughly 1 to 1.5 inches thick. Keep the layers of cake, pudding and whipped cream as even, neat and consistent as possible. Repeat that step for total of three layers

### Step 6

Smooth the remaining whipped cream to form the final top layer of the trifle. Decorate it to match the theme of your event (optional).

■ Hatice Sümeyye GÜL

## INGREDIENTS

- 1 Banana
- 4 scoops of ice cream of choice (chocolate, strawberry, vanilla, etc.)
- Whipped cream
- Cherries
- Chocolate, caramel or strawberry syrup
- Sprinkles
- Any other desired toppings

### STEPS

#### STEP 1

Take a banana and peel the skin. Then, cut it in half. Get a bowl and place

#### STEP 2

Get two scoops of your ice cream of choice and put on one side. Get two more scoops and add them to other side

#### STEP 3

Get some flavoured syrup and zig zag it around. Good choices of syrups are chocolate, caramel or both.

#### STEP 4

Whip up some whipped cream and spray it across

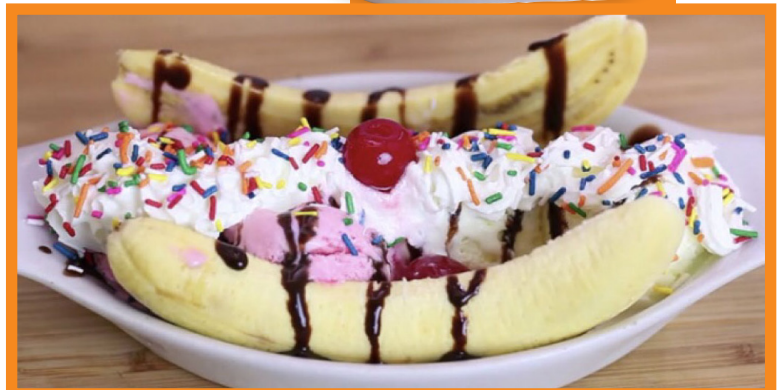

#### STEP 5

Sprinkle some sprinkles on top

#### STEP 6

Finish the job by putting a cherry on top.

■ Hatice Sümeyye GÜL

# Baked Honey Mustard Chicken

## INGREDIENTS

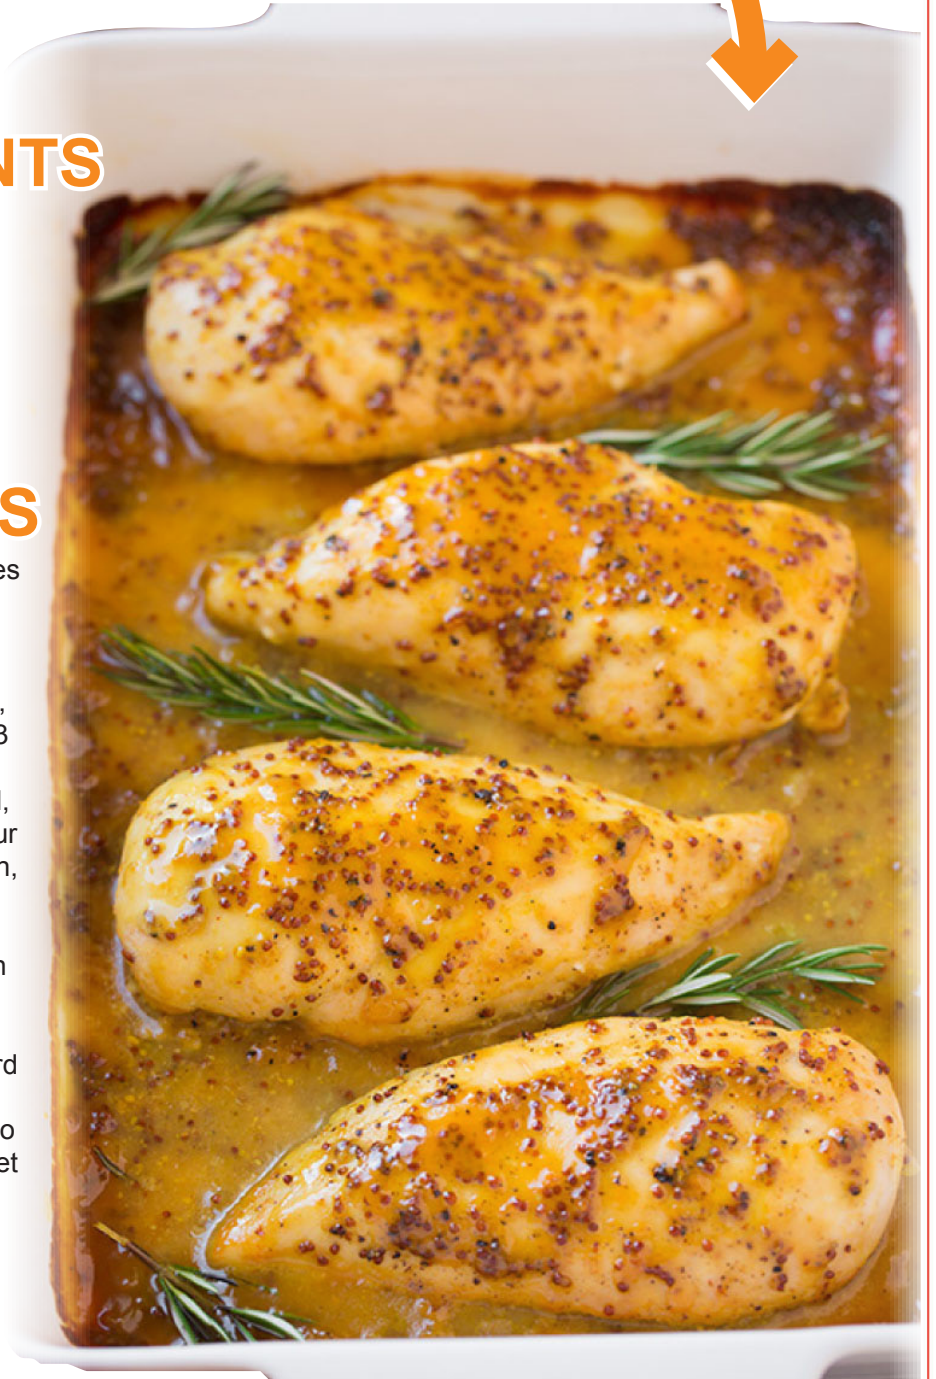

- 6 skinless, boneless chicken breast halves
- salt and pepper to taste
- 1/2 cup honey
- 1/2 cup prepared mustard
- 1 teaspoon dried basil
- 1 teaspoon paprika
- 1/2 teaspoon dried parsley

## DIRECTIONS

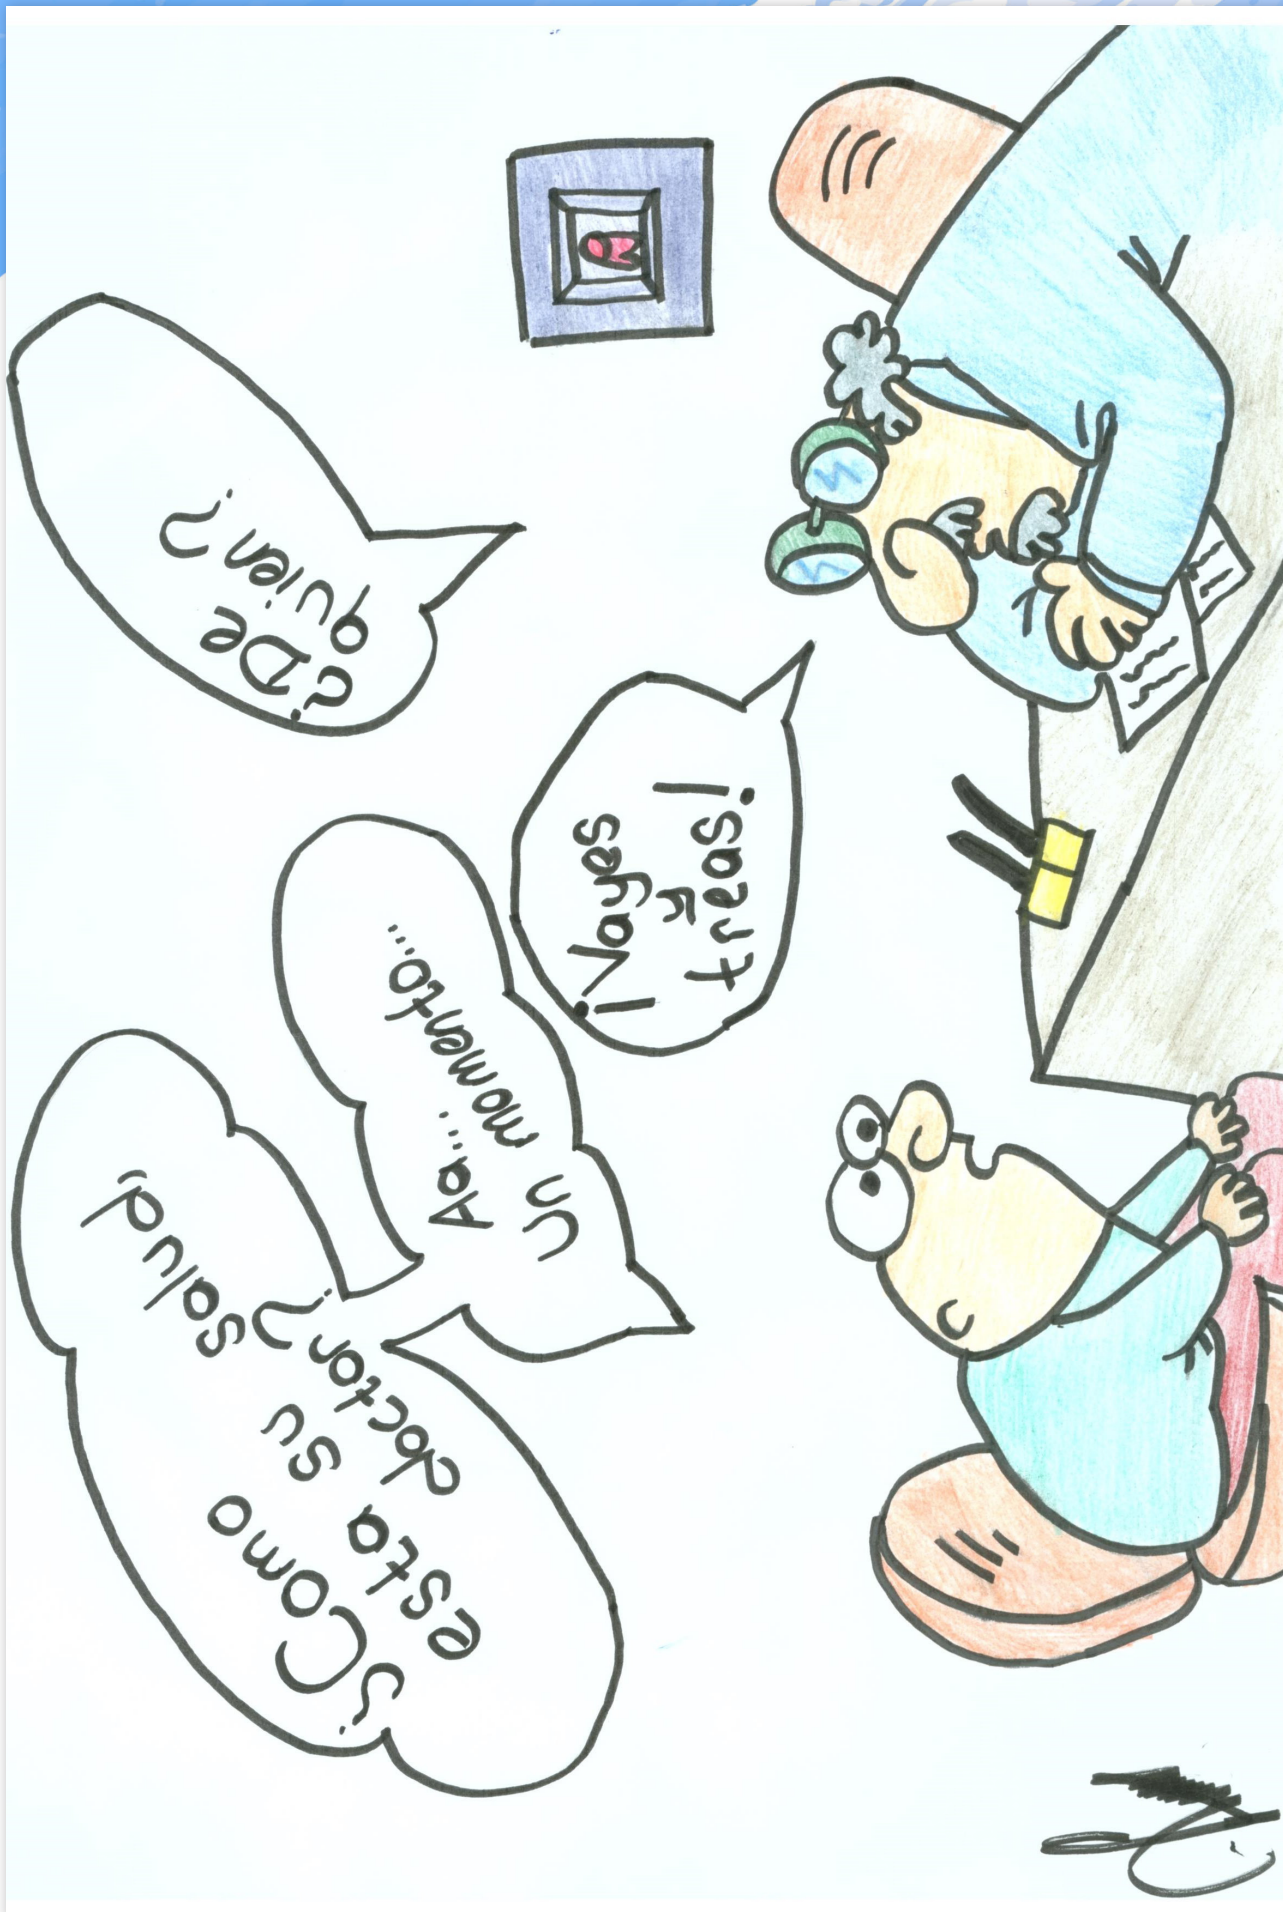

**1** - Preheat oven to 350 degrees F (175 degrees C).

**2** - Sprinkle chicken breasts with salt and pepper to taste, and place in a lightly greased 9x13 inch baking dish. In a small bowl, combine the honey, mustard, basil, paprika, and parsley. Mix well. Pour 1/2 of this mixture over the chicken, and brush to cover.

**3** - Bake in the preheated oven for 30 minutes. Turn chicken pieces over and brush with the remaining 1/2 of the honey mustard mixture. Bake for an additional 10 to 15 minutes, or until chicken is no longer pink and juices run clear. Let cool 10 minutes before serving.

# THE CORRECT ETIQUETTE

The term 'Etiquette' is the way we behave which makes human learn the kindness rules to make a living, creates the rules and epics for human relations, and makes individuals respectable.

In a community, unless people behave according to the correct etiquette, it is not possible for that community to think about existence of morals. What is more, the less importance a community gives to morals, the less respect and regularity will be seen on that community.

In a brief case, Islam, the last and the dandiest religion, puts all kinds of the correct etiquette epics for forward for a healthy community such as hospitability, helpfulness, respect and love, responsibility and morals.

The fundamentals of correct etiquette

- To tolerate
- Not to mock
- Not to search for each other's lapses
